

Sanpete County

Summer Activity Guide 2020

Care about Childcare- Five County is a state funded agency that is available to help you find childcare in your community. You can look for child care online at <http://careaboutchildcare.utah.gov>, where you will also find detailed information about child care options in your community, child development, nutrition and more. If you wish to get a referral over the phone or for other questions, call 435-586-8722 and we will be happy to assist you in finding available childcare providers in your area. Also, on our website is valuable information regarding sun safety, internet safety for kids, and how to access other types of assistance in the state of Utah.

We have compiled a list of summer activities for children for the ten-county Southern Utah area we serve. The following is the list from your county. Other counties are available off the websites. This is not a comprehensive list, but we have tried our best to find resources and accurate information considering this years special circumstances. Please use your best discretion and information about whether to have your kids participate in activities this summer. There is updated information on COVID-19 on coronavirus.utah.gov.

We cannot guarantee quality or recommend programs. We encourage parents to carefully check out any program before enrolling their child.
